SUBJECT NUMBER

USIB-EE-35./14 Item 2 on the Agenda for the Twenty-first Meeting of
the ELINT Committee, held on 19 November 1959.

Subject: Emergency Planning.

PROBLEM:

To review developments in proceeding with actions required to fulfill
the USIB charge to the Committee on Emergency Planning.

DISCUSSION:

The Members considered the interim report of the ad hoc committee
which had been submitted to the Members with USIB-EE-35./13. It was noted
that the ad hoc group is meeting on 20 November, at which time it is hoped
to approve a final report for submission to the Committee.

25X1A9a

 Chairman of the Steering Committee, noted that
his committee would review the papers before submission to the Board, and
that the ELINT Committee would thus have another opportunity to review the
final product.

The Chairman recommended that the Members note the progress of the
ad hoc group and the interim report as submitted, and suggested that
further action await receipt of the final report. At that time it could
be decided whether a special meeting was required to approve the report
prior to submission to USIB. The Members concurred.

DECISION: (19 November 1959)

To note the interim report of the ad hoc committee and to defer
further action until receipt of the final report.

Action to approve final report to be accomplished, if possible, by the
most feasible and expeditious means, i.e. telephone or no objection basis,
prior to sending the report to the Steering Committee.

SECRETARY'S NOTES:

1. The Twenty-first Meeting, 19 November 1959, came to order at 1000.

2. Reference Secretary's Note 5 of the Twentieth Meeting, at the request of the CIA Member, the word "field" in the third line is changed to read "community".

3. The CIA Member initiated a general discussion on Committee views with respect to the Committee's fulfillment of its basic objectives and obligations. He considered that decisions affecting ELINT were being made throughout the community, sometimes to the detriment of ELINT, without guidance of the Committee. He felt that one definite task of the Committee was the establishment of adequate requirements and the evaluation of the fulfillment of these requirements. He considered that in many cases there were multiple programs in progress which would render the community extremely vulnerable, particularly in view of current austerity programs. In general discussion of the philosophies involved, the Members agreed that there was a definite field for investigation and introspection to ensure that the Committee was making a maximum contribution to the effective use of all US ELINT resources. It was decided to place the matter on the agenda for discussion at the next regular meeting.

4. The meeting adjourned at 1150.
